

| | | | |
|----------------------|--|--|-------------------|
| 08:00 - 09:00 | Registration with Refreshments | | |
| 09:00 - 09:10 | Housekeeping announcements & President's welcome | Peng T Khaw | London, UK |
| 09:10 - 10:03 | Session 1 - Research | | |
| | Session introduction Co-Chairs: Beth Edmunds, Portland, USA & Patrick Watts, Cardiff, UK | | |
| 1 | Aqueous humour cytokine profile in primary congenital glaucoma | Abstract - Carlos Oribio-Quinto. <i>Presented by Cristina Ginés-Gallego</i> | Madrid, Spain |
| 2 | Visual field indices in children compared to that in adults with comparable retinal nerve fibre layer thickness | Ashok Kumar Singh | Chandigarh, India |
| 3 | Use of factor analysis to develop a model for identifying changes in the optic nerve region using hand-held optical coherence tomography in children with childhood glaucoma | Abstract - Sonal Shah. <i>Presented by Joe Abbott</i> | Leicester, UK |
| 4 | Outcomes of exchange of Ahmed to Baerveldt glaucoma drainage devices in children | Brenda Bohnsack | Chicago, USA |
| 5 | Paediatric scleral buckle and glaucoma drainage device: When to implant both at the same time? | Ta Chen Peter Chang | Miami, USA |
| 6 | Prognostic significance of <i>CYP1B1</i> genetic variants in non-acquired childhood glaucoma | Ashok Kumar Singh <i>Trainee prize abstract</i> | Chandigarh, India |
| 09:47 - 10:03 | Session discussion | | |
| 10:03 - 10:55 | Session 2 - Clinical | | |
| | Session introduction Co-Chairs: James D Brandt, Sacramento, USA & Velota Sung, Birmingham, UK | | |
| 7 | Profile of newly diagnosed childhood glaucoma in India: Indian childhood glaucoma study group report 1 | Sirisha Senthil | Hyderabad, India |
| 8 | Efficacy of combined deep sclerectomy and trabeculotomy in the management of primary congenital glaucoma after failed previous angle surgeries | Mohamed Awwad | Benha, Egypt |
| 9 | Ocular hypertension in fellow Eyes of unilateral PCG: Incidence and risk factors | Aayush Majumdar <i>Trainee prize abstract</i> | New Delhi, India |
| 10 | Visual acuity prediction in primary congenital glaucoma with machine learning models | Fernando Ly Yang <i>Trainee prize abstract</i> | Madrid, Spain |
| 11 | Octopus perimetry in primary congenital glaucoma: Structure-function correlation | Cristina Ginés-Gallego | Madrid, Spain |
| 12 | Secondary intervention after failed initial intervention for primary congenital glaucoma | Nader Bayoumi | Alexandria, Egypt |
| 10:40 - 10:55 | Session discussion | | |
| 10:55 - 11:25 | Tea/Coffee, Posters and Exhibition | | |

| | | | |
|----------------------|---|--|----------------------|
| 11:25 - 12:17 | Session 3 - Research | | |
| | Session introduction Co-Chairs: Raymond G Areaux, Jr., Minneapolis, USA & Alessandra Martins, London, UK | | |
| 13 | Can we use the current OCT normative data for children aged 17 or less? | Sirisha Senthil | Hyderabad, India |
| 14 | Corneal characteristics and OCT-A findings in paediatric glaucomas and glaucoma suspects | Brenda Bohnsack | Chicago, USA |
| 15 | Commercial gene panels for congenital anterior segment anomalies: Are they all the same? | Maria Fernanda Villalba | Miami, USA |
| 16 | Diode laser cyclophotocoagulation with and without transcorneal torchlight transillumination in refractory paediatric glaucoma | Abstract - Sagarika Snehi <i>Presented by</i> Faisal Thattarattody | Chandigarh, India |
| 17 | This too shall pass... | Manju Anilkumar | Madurai, India |
| 18 | How to manage juvenile open-angle glaucoma, evidence from a large multicentre study | Kasem Seresirikachorn | Bangkok, Thailand |
| 12:02 - 12:17 | Session discussion | | |
| 12:17 - 13:20 | Lunch, Posters and Exhibition Annual General Meeting: 12:45 - 13:10 | | |
| 13:20 - 13:40 | GUEST LECTURE: Paediatric uveitic glaucoma: "Betwixt the devil and the deep blue sea" Ms Ameenat Lola Solebo London, UK | | |
| 13:40 - 14:40 | Session 4 - Clinical | | |
| | Session introduction Co-Chairs: Elena Bitrian, Miami, USA & John Brookes, London, UK | | |
| 19 | Outcomes of primary combined trabeculotomy and trabeculectomy in children with Sturge-Weber syndrome and glaucoma | Sirisha Senthil | Hyderabad, India |
| 20 | Genotype-phenotype uncorrelation in a case of primary congenital glaucoma | Ta Chen Peter Chang | Miami, USA |
| 21 | Multimodal imaging of occult Group E retinoblastoma masquerading as unilateral glaucoma | Daniel M Vu | Boston, USA |
| 22 | Long-term outcomes of Aurolab aqueous drainage implant (AADI) vs Ahmed glaucoma valve (AGV) in paediatric patients: A retrospective study | Abdullah Khan | Riyadh, Saudi Arabia |
| 23 | Inverted T trabeculectomy for primary congenital glaucoma, a novel technique | Ashraf El Habbak <i>Presented by</i> Mohamed Awwad | Benha, Egypt |
| 24 | Paediatric glaucoma in NF1 patients | Alicia Serra | Barcelona, Spain |
| 25 | Efficacy and safety of the PreserFlo implant with mitomycin C in childhood glaucoma after previous failed glaucoma surgeries | Cristina Ginés-Gallego | Madrid, Spain |
| 14:23 - 14:40 | Session discussion | | |

| | | | |
|--|--|---|----------------------|
| 14:40 - 15:35 Session 5 - Rapid Fire | | | |
| Session introduction Co-Chairs: Joe Abbott, Birmingham, UK & Ta Chen Peter Chang, Miami, USA | | | |
| 26 | Effects of Haab's striae on corneal parameters in childhood glaucoma | Sirisha Senthil | Hyderabad, India |
| 27 | Effect of glaucoma surgery on the axial length in early onset childhood glaucoma | Faisal Thattaruthody | Chandigarh, India |
| 28 | Outcome measures in childhood glaucoma: A systematic review of randomised controlled trials | Maram EA Abdalla EISayed | Oxford, UK |
| 29 | Improving adherence to follow-up in childhood glaucoma | Manju Anilkumar | Madurai, India |
| 30 | Acute corneal hydrops as a presenting manifestation of primary congenital glaucoma - A challenging approach to amblyopia prevention | Rita Rodrigues | Porto, Portugal |
| 31 | An unrecognised cause of childhood glaucoma | Helen Yeung | Boston, USA |
| 32 | Persistent corneal oedema following ab-externo trabeculotomy: An unexpected cause and its treatment | Allison Bradee | Portland, USA |
| 33 | Challenges of cataract surgery in young adults with primary congenital glaucoma and buphthalmos | Yingying Shi. <i>Presented by</i> Elena Bitrian | Miami, USA |
| 34 | A challenging case of diffuse choroidal haemangioma in the fellow eye of a SWS patient with total retinal detachment | Rony Rachmiel | Tel Aviv, Israel |
| 15:17 - 15:35 | Session discussion | | |
| 15:35 - 16:00 | Tea/Coffee, Posters and Exhibition | | |
| 16:00 - 16:35 Session 6a - Rapid Fire | | | |
| Session introduction Co-Chairs: Cecilia Fenerty, Manchester, UK & Sirisha Senthil, Hyderabad, India | | | |
| 35 | Does the depth of anaesthesia influence the intraocular pressure measurement in children with glaucoma? Results of the prospective EyeBIS study | Alicja Strzalkowska (unable to attend) | Mainz, Germany |
| 36 | The incidence of glaucoma following surgery for congenital cataracts at Inkosi Albert Luthuli Central Hospital in Durban, KwaZulu-Natal, South Africa | Thilendran Nadasan (unable to attend) | Durban, South Africa |
| 37 | Goniectomy, a game changer in the management of congenital glaucoma in the Nile Delta region | Hend Helal <i>Presented by</i> Mohamed Awwad | Benha, Egypt |
| 38 | Paediatric vision screening guidelines and practices in Florida | Meghan Sharma | Miami, USA |
| 39 | Paradoxical increase in peripapillary retinal nerve fibre layer thickness during the acute phase of steroid induced increase in intraocular pressure in a patient with vernal keratoconjunctivitis | Daniella Bach-Holm | Copenhagen, Denmark |
| 40 | iCare home tonometry for assessment of preoperative and postoperative intraocular pressure variation in paediatric glaucoma | Meghan Sharma | Miami, USA |
| 16:25 - 16:35 | Session discussion | | |

| | | | | |
|--|--|--|----------------------|-------------------|
| 16:35 - 17:15 Session 6b - Rapid Fire | | | | |
| Session introduction Co-Chairs: Cecilia Fenerty, Manchester, UK & Alana Grajewski, Miami, USA | | | | |
| Childhood Glaucoma Research Network (CGRN) update | | Alana Grajewski | Miami, USA | |
| 41 | Gateway to safe GATT - Overcoming the learning curve (video) | Swati Upadhyaya <i>Presented by Manju Pillai</i> | Pondicherry, India | |
| 42 | Visco-tamponade for the management of refractory paediatric glaucoma secondary to recurrent hyphaemia (video) | Raymond G Areaux, Jr. | Minneapolis, USA | |
| 43 | Extraction of intraluminal supramid suture from a Baerveldt tube in the anterior chamber (video) | Sam Gurney | Birmingham, UK | |
| 44 | Aesthetic indications for removal of glaucoma drainage devices in paediatric glaucoma. A case series (video) | Rayan Abou Khzam <i>Presented by Elena Bitrian</i> | Miami, USA | |
| 17:05 - 17:15 | Session discussion | | | |
| 17:15 - 17:25 | Prizes and acknowledgements | UKPGS Committee | | |
| 17:25-17:55 | NOEL RICE LECTURE: Caring for children with glaucoma: A journey that's just begun Professor Sushmita Kaushik Chandigarh, India | | | |
| 17:55- 18:00 | President's closing comments | Peng T Khaw | London, UK | |
| 18:00 | CLOSE | | | |
| 18:00 - 20:00 | Drinks Reception Drinks & 2-course hot buffet dinner | | | |
| Posters | | | | |
| | P1 | The fairy tale of a stubborn inflammatory glaucoma | Mohamed Awwad | Benha, Egypt |
| | P2 | Adams-Oliver syndrome with secondary childhood glaucoma and cataract | Manju Anilkumar | Madurai, India |
| | P3 | Clinical evaluation protocols for childhood glaucoma | Manju Anilkumar | Madurai, India |
| | P4 | Atypical presentation of Axenfeld-Reiger syndrome | Manju Anilkumar | Madurai, India |
| | P5 | Effect of glaucoma surgery on the axial length in early onset childhood glaucoma | Faisal Thattaruthody | Chandigarh, India |
